Attn: General Counsel

Re: Investigation No. L04-3-1087

Dear Sir or Madam:

Enclosed please find a Subpoena demand for records relating to your relationship with NorVergence, a New Jersey corporation. This agency has received scores of complaints from Florida consumers making claims of illegal actions on the part of NorVergence, and of attempts by your company to enforce payment on unenforceable paper.

This Subpoena demand is actionable within 5 days. That amount of time is specifically permitted by Section 501.206(1) and also appears to comport with your demands from Florida consumers for accelerated payment.

This agency views attempted enforcement of illegal paper, particularly when there are claims of collusion with the issuing party, as a serious matter. The attorneys and investigators assigned to this investigation are available to meet with you regarding the Attorney General's concerns regarding this matter. We would also ask that your company observe a moratorium for collection activities and litigation against your Florida customers while we are discussing this matter. Please contact the undersigned at your earliest convenience at 850-414-3300.

Sincerely,
