Dear Mr. Moore:

Your message of a few days ago came to hand and the contents were noted with care.

In regard to the letter of Mr. Brigham's, in which he stated, you were misinformed about the closing of Negro schools in Polk County. The facts speak for themselves as you see. Every Colored school in Polk County is closed except the Lake Wales School here in District 3.

The resolution adopted by our recent conference was an appeal to the Polk County School Board of Public Instruction, to keep the schools open instead of closing our schools, October 26. We were further backed by the growers of Lake Wales as Mr. Hollie Tillman and others. These men appeared before the Board on Oct. 21st. So through the efforts of our Local Branch, we were able to keep this school open in the vicinity. So the Board partially carried out our resolution, backed by the growers of Lake Wales. In another category, Negro schools are only given eight months, while the whites receive nine months. The teachers are not paid equal salaries as the whites. The other part of our County could have granted the same privileges, had they not defeated their own interests.

Well, we enjoyed the Conference. We will have our annual meeting this Thursday Nov. 11. We have contacted folk in Pierce, Haines, City and other places. Mr. Millards, the manager of Hewing Funeral Home has formed a temporary organization assisted by Mr. Gilbert. We are in to organize the County. We shall expect you on Dec. 5th.

Best wishes.

Respectfully yours,

W. D. H. Black

Board of Public Instruction

Broward County

Broward, Fla.

Dear Sirs:

At the annual meeting of the Florida State Conference of the NAACP held recently in West Palm Beach, it was discussed that plans were being considered by the Broward County School Board whereby Negro children of that county would be placed for a period of time within the Park Hill High School in order that the Broward Board of Education might have the Board review their "All Black" high school and to systematize their long administration in the school year immediately.

We shall meet with a plan in the school year 1943-44 as soon as the details of our operation. It is only natural that people should forget during wartime periods some of their normal functions and responsibilities. We hope that the Broward Board of Education will take into account the welfare of our Negro children.

However we feel that this proposed plan is a discrimination against Negro children. In view of the fact that many Negro parents are requesting integration, surely you will agree that Negro children must receive equal educational opportunities. If they are to receive the facilities of our schools our Negro children are entitled to equality in all respects. Furthermore, a realization of the importance of our Negro community and their future in our country has demonstrated principles of integration. Therefore, all Negro children should receive equality in the classroom. To the Negro child, the school is the only avenue of education which can be had in our country.

Respectfully yours,

Harry T. Moore, Pres.

MEMORANDUM TO: Harry T. Moore, President
National Association for the
Advancement of Colored People
Mims, Florida

FROM: F. E. Brigham, Superintendent

SUBJECT: Letter of October 20, 1943

Apparently, from reading your letter of the above date, your conference in West Palm Beach adopted a resolution in regard to the Polk County schools without being sufficiently informed in regard to the economic conditions existing in this large county. I feel very confident that, if you had the full knowledge of the actual conditions in this county, your conference would not have adopted a resolution without knowing what the real facts were in the matter.

Of course, not having a copy of your resolution, I am rather at a loss to know exactly what it contains. In the school schedules adopted in this County last May, there was no more break in the school schedule than there has been in the schedules in force in the county for many years, and the pupils will not have two intermissions during the calendar school year. Consequently, there can be no retardation or automatic increase in retardation, as your suggestion was based upon the wrong predicate.

If you understood the conditions in Polk County, you would realize there is no discrimination against the Negro children, as the same vacation period exists for many of the children in one of the largest white schools which we have in this county, which has operated on this basis for many years, so as an actual fact, you owe an apology to the Polk County Board of Public Instruction for an unjust criticism of the Board, based upon misinformation without taking due care to obtain correct information.

If you are enough interested in the welfare of the children in Polk County to ascertain the facts in regard to Negro education, I am sure that you will find there has been a great deal of progress in the county.

Yours very truly,

F. E. Brigham

COURT, IN AND FOR THE MIDDLE
DISTRICT OF FLORIDA, ORLANDO
DIVISION.

CASE NO. 1

JAKE COOPER,

Plaintiff

-vs-

COMPLAINT

J. S. WILSON,

Defendant

1. The plaintiff, Jake Cooper, is a resident of Titusville, Brevard County, Florida; and the defendant, J. S. Wilson, is likewise a resident of the City of Titusville, Brevard County, Florida.

2. This court has jurisdiction of this cause under Title C, Section 45, P. L. C. of U. S. - Paragraph 1974 and under Title B, U. S. C. A., Paragraph 31, P. L. C. 2014.

3. That the plaintiff is above the age of twenty-one years; is a citizen and resident of the City of Titusville, Brevard County, Florida, and is now and has been for more than twelve years last past and actual resident of the said City of Titusville and was at all times material to this complaint and still is otherwise qualified to vote in and be an elector in the municipal elections of said City of Titusville, including the party primaries therein.

4. That the defendant, J. S. Wilson, was at all times material to this complaint the duly elected, qualified and acting chief clerk of said City, and, by virtue of that office, he was beholden to and duly bound to register all those to be registered as qualified electors of said City all residents thereof who were other

were qualified for such registration and who properly presented themselves at his office as chief clerk aforesaid, for the purpose.

5. That under and by virtue of the Charter and Ordinances of said City, and in accordance with proclamation dated September 20, 1945, and duly published according to law and issued by the Mayor of said City, a primary election was called for and to be held on the twenty-fourth day of September, 1945 at the City Hall in said City for the purpose of nominating candidates for the general election later to be held in said City.

6. That on the fourth day of September 1945, while the registration books of said City were open for registration, the plaintiff, John Rogers, herein did properly present himself at the office of the chief clerk of said City and offered himself as a qualified elector in and for said City and to be registered as such; but the defendant herein, S. P. Wilson, acting by and through his deputies and clerks then in charge of said office, did refuse and decline to register or permit to register the plaintiff herein as a qualified elector in and for said City; said refusal and declination being upon the sole ground that the plaintiff was a Negro.

7. That the plaintiff desired to participate in said municipal election of September 24, 1945 and was entitled so to do above and excepting his lacking registration as a qualified elector; and that by reason of the refusal and declination of said defendant acting as aforesaid, this plaintiff was prevented from participating in said election and the plaintiff was thereby deprived of his right and privilege under the Constitution of the United States, including the Fourteenth, Fifteenth and Seventeenth Amendments to said Constitu-

vention, and the laws of the United States enacted in pursuance of
said amendment, to-wit: plaintiff's right and privilege to be re-
gistered as a qualified elector in and for said City of Titusville,
Florida, and his right and privilege to participate in said election
of September 24, 1945.

b. That the refusal of said defendant acting as afore-
said was upon the following grounds:

c. That the plaintiff was a Negro.
d. That the Democratic Party of said City of Titus-
ville is a voluntary association of individuals and electors which
prescribes and determines its own membership for the purpose of se-
lecting its choice of candidates to be placed upon the ballot in the
general elections of said City and associated together solely for the
purpose of nominating candidates for the several municipal offices
of Titusville and not otherwise.

e. That the defendant in registering electors is
governed by the rules and regulations of the several political parties
of members of which the several electors choose to register and that
the rules and regulations promulgated by the duly elected Democratic
Executive Committee for said City of Titusville, promulgated and
adopted for the purpose of determining who shall be entitled to parti-
cipate in the Democratic primaries, specially provide that the members
of the Democratic party of said City of Titusville shall consist of
only white electors and that the plaintiff could not qualify under
said rules and regulations in that he is a member of the Negro race.

f. That the so-called municipal election held
September 24, 1945 was an election for white electors only and that
the plaintiff herein was not qualified to participate therein be-

cause the plaintiff was a Negro.

D. That the plaintiff has heretofore upon numerous occasions sought to be registered as a qualified elector in and for said city of Titusville but that the defendant has consistently and repeatedly, in accordance with local custom in said City, refused to register or permit the registration of the plaintiff as an elector in and for said City upon the grounds herein stated, the substance of all which grounds is that the plaintiff is a Negro.

WHEREFORE, the plaintiff prays judgment against the defendant herein, as follows:

1. That the plaintiff have judgment against the defendant for \$50,000.00 damages.

2. That the defendant be enjoined from refusing to register or causing to be registered the plaintiff herein as a qualified elector in and for said City of Titusville upon the ground that the plaintiff is a Negro.

3. That this court adjudge and decree and declare the rights and legal relations of the parties to the subject matter herein in controversy in order that such declaration shall have the force and effect of a final judgment or decree.

4. That this court enter a judgment or decree declaring that the policy, custom and usage prevailing in said City of Titusville of the defendant in denying plaintiff the right to vote in the Democratic Primary elections in and for said city, as well as the general elections in said city, solely on account of the plaintiff's race or color, is unconstitutional and is a violation of Sections 2 and 4 of Article I and Amendments 14, 15, and 19 of the United States Constitution.

5. That the Court will allow plaintiff his costs herein
and such further other additional or alternative relief as may
appear to the Court to be just and suitable in the premises.

E. C. Gilliland, Attorney for
the Plaintiff, 121 Green
Building, Jacksonville, Florida.
