Attorney General Ashley Moody News Release

CA: Beware of Vaccine Status License Scam

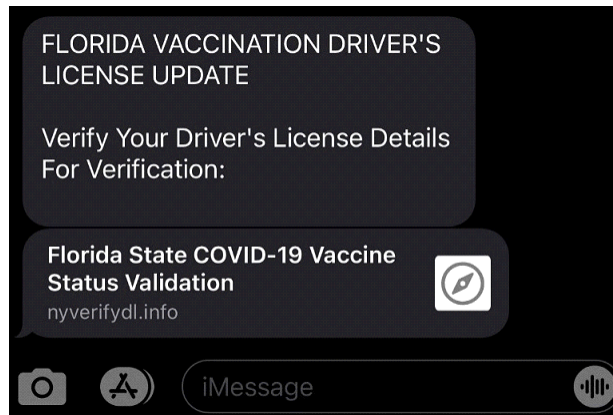

TALLAHASSEE, Fla.—Attorney General Ashley Moody today issued a Consumer Alert warning Floridians of a new COVID-19 vaccination text scam. There have been reports of fraudulent text messages being sent to Floridians asking for driver license details in order to remake licenses that show vaccination status. The text messages provide a link that sends targets to a spoofed Florida Department of Highway Safety and Motor Vehicles website with input boxes requesting Social Security and driver license information—including a place to upload a photocopy of a driver license.

Attorney General Ashley Moody said, “COVID-19 cases have decreased drastically across the state, but that hasn’t stopped scammers from finding new angles to exploit the pandemic. Please be on the lookout for phony messages and remember that the Florida Department of Highway Safety and Motor Vehicles will never reach out via text and ask for personal information. Florida is not updating driver licenses to include proof of vaccination—any solicitation making this claim is a scam that should be reported immediately.”

Florida Department of Highway Safety and Motor Vehicles Executive Director Terry L. Rhodes said, "The best defense against scams like this is to know how FLHSMV interacts with our customers. We do not text Floridians regarding the status of their driver license or request personal or medical information via text message. If you receive a text asking for this information, it is a scam. With only the information on your driver license, scammers can create many fraudulent financial accounts. All under your name, all without your knowledge. Do not

respond to these texts and do not click on the links contained in the text message."

Here is what the reported fraudulent text message looks like:

The link in the message leads to the Florida Department of Transportation Motor Vehicles website.

A screenshot of a website titled "Florida State COVID-19 Vaccine Status Validation". It features the Florida Department of Health and FLHSMV logos. The text reads: "The Centers for Disease Control and Prevention (CDC) in partnership with the Florida DMV requires an immediate validation of your Covid-19 status. This is a Waiver Validation Update and a compulsory one-time validation for all Florida residents". Below this is a "Personal Information" section with input fields for "First Name *", "Middle Name", and "Last Name *".A screenshot of a form for license verification. It includes input fields for "Last Name *", "Date of Birth *", and "Social Security number *". There are also sections for "Upload Document (driver's license)*" with "DL Front:" and "DL Back:" options, each with a "Choose File" button and "no file selected" text. A "Submit" button is at the bottom, and a progress bar shows "0%".

Florida Department of Transportation Highway Safety and

Attorney General Moody is asking Floridians to follow the tips below to avoid these types of imposter scams:

- Know that the FLHSMV is not requiring driver license updates listing proof of vaccination;
- Do not automatically trust a number listed on a caller ID or in an unsolicited text message;
- Do not post photos of vaccination cards or driver licenses online, as they can be used to commit identity fraud; and
- Avoid clicking on links in a suspicious email or in a text message received from an unknown sender.

Report suspicious solicitations or COVID-19 vaccine-related advertisements to the Florida Attorney General's Office by calling 1(866) 9NO-SCAM, or visiting [MyFloridaLegal.com](https://www.myfloridalegal.com).

Attorney General Moody has issued more than 30 Consumer Alerts with information about emerging COVID-19 related scams and tips to avoid fraud.
