Attorney General Moody's Week In Review - Sept. 6, 2019

Hurricane Dorian is a deadly storm, and thankfully Florida was spared a direct hit. But sadly, our friends in the Bahamas have experienced loss and devastation. Parts of the Bahamas were destroyed as Dorian hovered over the chain of islands for two days—lives were lost, and entire neighborhoods leveled.

My heart breaks for the Bahamians and Floridians are already trying to help. Unfortunately, when we see catastrophic events like these, we also see scammers rush in to prey on the good intentions of generous Floridians.

For those who plan to help the Bahamas-restoration efforts by donating, please take steps to ensure your donation is going to a legitimate charity.

You can do this by:

- Being proactive and donating to a reputable charity now, rather than waiting to be solicited;
- Avoid solicitors using high-pressure tactics to persuade you to give;

- Determine whether a charity is legitimate by visiting CharityNavigator.org; and
- Check to see what percentage of each donation goes to overhead and administrative costs.

Finally, if you suspect charity fraud, please help us in our efforts by calling (866) 9NO-SCAM or by visiting MyFloridaLegal.com.

By working together to stop charity fraud and ensuring donations go to help those suffering, we not only help our neighbors in the Bahamas, we can build a stronger, safer Florida.

Protecting Floridians

Attorney General's Medicaid Fraud Control Unit Arrests Individual for Abusing a Disabled Adult

Attorney General Ashley Moody’s Medicaid Fraud Control Unit and the Leon County Sheriff’s Office arrested an employee of a Tallahassee developmental center for abusing a disabled adult. Latessa C. Smith, 25, served as a direct support professional at the center. According to the investigation, Smith retrieved a belt from a closet and struck a disabled adult victim. The victim allegedly received welts on the face and abdomen.

Attorney General Ashley Moody said, “It is absolutely unconscionable that someone would use their position of trust to victimize and abuse those disabled individuals in their care. I am proud of my Medicaid Fraud Control Unit investigators and law enforcement who made sure this person was put behind bars.” [Read More](#)

Events

This week, as Hurricane Dorian threatened Florida, Attorney General Ashley Moody met with first responders and the Emergency Operations Center.
