<b>Total:</b>	\$29.56	<b>Total:</b>	\$29.56

OFFICE OF THE ATTORNEY GENERAL  
CRIME STOPPERS TRUST FUND

Complete the box below if requesting a Budget Modification. You must provide justification.

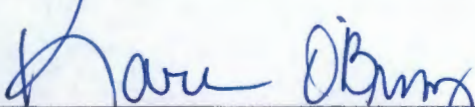

Late afternoon on Friday 10/23, the CrimeStoppers Laptop began to run extremely slow and many error messages began to pop up. During disk scan and defrag efforts the system locked up several times and required a reboot. The reboot resulted in the "blue screen of death" with a message that the hard drive was beginning to fail. I spoke to my IT professional on the phone Saturday morning 10/24 and explained what was happening. He told me to stop using the machine to avoid any further damage and a complete crash of the hard drive and to bring it to him ASAP. He told me to immediately go purchase a new hard drive and an external hard drive for back up and hard drive "cloning" operations. I deemed this an emergency to protect our program's computer, data and intellectual property and therefore immediately went to Office Depot to procure the items my IT professional directed me to purchase. I delivered my laptop and the items to him early Saturday afternoon and after multiple attempts and many hours of hard drive cloning, he was able to save the machine. The line item 55 Computer Hardware Accessories was \$29.56 short for the entire purchase of required items, but because it was an emergency and would result in saving money and property, I proceeded with the purchase. I am now transferring \$29.56 from #76 Computer Tech Support to make up the difference for the expenditure which resulted in saving the laptop and the data.

Indicate in the box below what impact this modification will have on your program.

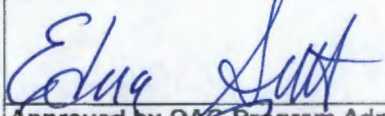

This budget modification allows for parts / devices required to repair and salvage our computer hard drive as well as to back up and protect crucial program information and data, without having to completely replace the entire computer, thus saving hundreds of dollars.
